

## Masonic Education Schedule 2011/12

To the Worshipful Master and the Secretary;

This is the 2011/12 inter lodge visitation schedule for Masonic Education for the London East and West districts. As is tradition in the two districts, each lodge is scheduled both to visit another lodge in either district, giving a presentation on a topic of Masonic education, as well as to host another Lodge from either district, receiving a similar presentation.

Please note that this is a suggested schedule only. If a date selected for one of your visitations is not convenient, feel free to contact the secretary of the designated lodge to make your own arrangements for an alternative date. However we ask that you do not change the lodge selected to whom you are paired to present the education. Please inform either of the undersigned District Resource leaders of your scheduling change. Please communicate and suggestions or concerns with your Resource leader. May your visits this year be truly rewarding.
